

## **Lecturer (Full Time Non-Tenure-Track) Faculty Openings**

The Department of Operations and Decision Technologies within the Kelley School of Business at Indiana University–Bloomington seeks applications for full time, non-tenure-track lecturer positions effective fall 2025 with a targeted start date in August 2025. For a candidate to be considered at the Lecturer rank, a master's degree in information systems or related field is required, and significant professional experience is highly desirable.

The major teaching responsibilities involve Business Analytics (including quantitative methods and spreadsheet modeling) but could also involve teaching topics in Supply Chain Management and Operations Management. Courses would be primarily taught in-residence at the Bloomington campus, as well as online in the Kelley Direct graduate programs. The ideal candidate would have undergraduate teaching experience, with graduate level teaching experience a plus.

To ensure consideration, applications should be received by February 1st, 2025, however, the search will continue until the positions are filled. Interested applicants should review position requirements and apply at <https://indiana.peopleadmin.com/postings/26934> . Candidates should direct any questions to Claire Tafoya at [odt@iu.edu](mailto:odt@iu.edu).
