

Lecturer (Full Time Non-Tenure-Track) Faculty Openings

The Department of Operations and Decision Technologies within the Kelley School of Business at Indiana University–Bloomington seeks applications for full time, non-tenure-track lecturer positions effective fall 2025 with a targeted start date in August 2025. For a candidate to be considered at the Lecturer rank, a master’s degree in operations management or related field is required, and significant professional experience is highly desirable.

The major teaching responsibilities involve Supply Chain Management, Operations Management, and Business Analytics (including quantitative methods and spreadsheet modeling). Courses will be primarily taught in-residence at the Bloomington campus. The ideal candidate will have undergraduate teaching experience in an in-residence program at a major university, with graduate level teaching experience a plus.

To ensure consideration, applications should be received by February 13, 2025, however, the search will continue until the positions are filled. Interested applicants should review position requirements and apply at <https://indiana.peopleadmin.com/postings/27562>. Candidates should direct any questions to Claire Tafoya at odt@iu.edu.
